General Instructions

Who Is Required To Make Arizona Estimated Tax Payments

Entities filing Arizona Forms 99T, 120, 120A, or 120S that expect an Arizona tax liability for the taxable year of at least \$1,000 are required to make Arizona estimated tax payments. Use Arizona Form 120W to compute the required annual payment of estimated tax, and the required installments.

A unitary group of corporations filing a combined return on Arizona Form 120 must make estimated tax payments on a combined basis. Therefore, a unitary group, as a single taxpayer, must make estimated tax payments if its Arizona tax liability for the taxable year is at least \$1,000.

An Arizona affiliated group filing an Arizona consolidated return on Arizona Form 120 must make estimated tax payments on a consolidated basis. Therefore, an Arizona consolidated group, as a single taxpayer, must make estimated tax payments if its Arizona tax liability for the taxable year is at least \$1,000.

Payment by Electronic Funds Transfer

Corporations are required to pay their tax liability by electronic funds transfer (EFT) if the corporation owes \$500 or more for any taxable year beginning from and after December 31, 2020.

A corporation may apply to the director for an annual waiver from the electronic payment requirement. The application must be received by December 31 of each year. The director may grant the waiver if any of the following applies:

- The corporation has no computer.
- The corporation has no internet access.
- Any other circumstance considered to be worthy by the director exists, including:
 - The corporation has a sustained record of timely payments, and,
 - No delinquent tax account with the department.

To request a waiver, submit Arizona Form 292, *Electronic Filing and Payment Waiver Application*, to the department. Arizona Form 292 is available at:

<https://azdor.gov/forms/other-forms/electronic-filing-and-payment-waiver-application>.

NOTE: *A corporation who is required to pay by EFT but who fails to do so is subject to a penalty of 5% of the amount of the payment not made by EFT. See A.R.S. § 42-1125(O).*

For additional information on electronic funds transfer, refer to A.R.S. § 42-1129 and the related Arizona Administrative Code rules (A.A.C. R15-10-301 through R15-10-307) for detailed information.

How to Make EFT Payments

Corporations making EFT payments must register with the department before their EFT payments may be accepted. **An officer of the corporation must complete the initial registration.**

Taxpayers may use www.AZTaxes.gov to make EFT payments:

- Electronic payment from checking or savings account/e-check/ACH Debit.

Payments can be made electronically from a checking or savings account. Go to www.AZTaxes.gov and choose the e check option. Follow the prompts to complete your registration.

There is no fee to use this method. This payment method will debit the amount from the specified checking or savings account on the date specified. If an electronic payment is made from a checking or savings account, a confirmation number will be generated. Please keep this confirmation number as proof of payment.

- Online credit card payment

Payments can be made by American Express, Discover, MasterCard, or Visa credit cards. Go to www.AZTaxes.gov and choose the credit card option. This will take you to the website of the credit card payment service provider. Follow the prompts to make your payment.

The service provider will charge a fee based on the amount of the tax payment. The service provider will disclose the amount of the fee during the transaction and you will be given the option to continue or cancel. If you accept the fee and complete the credit card transaction, a confirmation number will be generated. Please keep this confirmation number as proof of payment.

Taxpayers may also make EFT payment by ACH Credit.

To register to make ACH Credit payments, go to the department's website, www.azdor.gov. Click on "Forms", then click "Other Forms." Click on Form number 10366, Electronic Funds Transfer (EFT) Disclosure Agreement for ACH Credit filers. Click "Download." Complete the form as instructed. Submit the completed at least five business days before the first anticipated transaction as it may take that long to process the application.

Fax the completed form to the department at (602) 771-9913. You may also email the completed form to the department at electronicfundstransfer@azdor.gov. Once the application is processed, the corporation will receive additional information to present to its bank to make the ACH Credit payment.

The payment will be electronically transferred into the department's account, normally the next business day. The corporation should consult with its bank for the timeframe required to make timely payments. NOTE: The corporation may be charged a service fee.

NOTE: *Corporate taxpayers using a foreign bank account to make EFT payments cannot make EFT payments by ACH Debit. The department does not accept ACH Debit payments from a foreign bank account. If the taxpayer wishes to make payment by EFT, the payment MUST be made by ACH Credit. See the instructions for ACH Credit above to register and make ACH Credit payments.*

Use Schedule A to determine the amount of each required installment and to select the lesser of:

- The annualized income installment;

Part 2 - Adjusted Seasonal Installment Method

Complete Part 2 only if the taxpayer’s base period percentage for any 6 consecutive months of the tax year equals or exceeds 70%. Figure the base period percentage using the 6 month period in which the taxpayer normally receives the largest part of its taxable income.

The taxpayer’s base period percentage for any period of 6 consecutive months is the average of the three percentages figured by dividing the taxable income for the corresponding 6 consecutive month period in each of the 3 preceding tax years by the taxable income for each of their respective tax years.

See the **EXAMPLE** below for information on how to calculate the base period percentage.

EXAMPLE: A calendar year taxpayer receives the largest part of its taxable income during the 6-month period from April through September. To compute its base period percentage for this 6-month period in 2021, the taxpayer figures its taxable income for each April through September period in 2019, 2020, and 2021. It then divides the taxable income for each April through September period by the total taxable income for that particular tax year. The resulting percentages are 65% for April - September 2019, 75% for April - September 2020, and 70% for April - September 2021. Because the average of 65%, 75%, and 70% is 70%, the base period percentage for April through September 2022 is 70%. Therefore, the taxpayer qualifies for the adjusted seasonal installment method.
