General Instructions

Who May Use Form A1-APR

Employers that qualify to make their withholding payment on an annual basis should use Form A1-APR, and should not file Forms A1-QRT, A1-R, or A1-WP.

An employer may make its Arizona withholding payments on an annual basis if all of the following conditions are met:

- The employer has established a history of withholding activity by filing the quarterly tax return (Form A1-QRT) for at least the four preceding calendar quarters.
- The employer's withholding liability was an amount greater than zero for at least one of the four preceding calendar quarters.
- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed \$200. The employer will meet this average withholding requirement if the total amount withheld in the four preceding calendar quarters is \$800 or less.
- The employer has timely filed Form A1-QRT and has timely made its Arizona withholding payments for at least three of the four preceding calendar quarters.
- The employer has filed Form A1-QRT for all preceding calendar quarters and does not have a balance due (tax, penalty, or interest) for any preceding calendar quarter.
- The employer has filed the annual reconciliation tax return (Form A1-R) for all preceding calendar years and has timely filed Form A1-R for the preceding calendar year.

An employer may continue to make its Arizona withholding payments on an annual basis for the succeeding calendar year if all of the following conditions are met:

- The average amount of Arizona income taxes withheld by the employer in the four preceding calendar quarters does not exceed \$200.
- The employer has timely filed the annual payment tax return (Form A1-APR) and has timely made its annual Arizona withholding payment for the preceding calendar year.

If an employer does not meet all of the qualifying conditions to continue making its Arizona withholding payments on an annual basis for the succeeding calendar year:

- The employer must determine its Arizona withholding payment schedule for succeeding calendar quarters according to the Arizona Withholding Liability/Payment Schedule section of Form A1-QRT instructions; and
- The employer shall file quarterly tax returns (Form A1-QRT) for succeeding calendar quarters.

Filing Original Returns

Returns are due on or before February 28 of the year following the close of the calendar year. If the due date falls on a Saturday, Sunday, or legal holiday, the return is considered timely filed if it is postmarked by the next day that is not a Saturday, Sunday, or legal holiday. If the employer has an Arizona extension, file the return by the extended due date. Attach a copy of the Arizona extension to the front of the return. Send the return to the Arizona Department of Revenue, PO Box 29009, Phoenix AZ 85038-9009.

Form A1-APR is also the transmittal form for federal Forms W-2, W-2c, W-2G, and 1099-R (if Forms W-2G and 1099-R include Arizona withholding). These forms are required to be filed with Form A1-APR as an integral part of the annual reconciliation of taxes withheld from employees and remitted to the Department of Revenue.

The department normally determines the timeliness of a return by the postmark or other official mark of the U.S. Postal Service stamped on the envelope in which the return is mailed. Refer to Arizona General Tax Ruling GTR 93-1 for further information. The department will also accept proof of mailing from a private delivery service included in the Internal Revenue Service (IRS) list of designated private delivery services. Contact the private delivery service for information regarding how to obtain written proof of mailing.

Extension of Time to File a Return

An employer may apply for an extension of time to file Form A1-APR upon a showing of good cause. The employer must file the extension request (Form A1-APR EXT) as soon as the employer knows that an extension of time to file is necessary. The extension request must be mailed on or before the due date of Form A1-APR. An extension cannot be granted if the extension request is filed after the due date of Form A1-APR. An extension of time to file Form A1-APR is also an extension of time to file federal Forms W-2, W-2c, W-2G, and/or 1099-R that are required to be filed with that return. Be sure to check one box on the front of Form A1-APR to indicate that the form is being filed under extension.

Payment of Tax

The entire amount of tax is due on or before the original due date of Form A1-APR, even if the employer has been granted an extension of time to file Form A1-APR. Payments can be made via check, electronic check, money order, or credit card. Visit www.aztaxes.gov to register and make payments via the internet.

Filing Amended Returns

If this is an amended Form A1-APR, check the amended return check box on page 1 of the form. Complete the Arizona

Withholding Tax Liability section, the Tax Payments section, and the Federal Form Transmittal Information section on page 1 of the form according to the instructions for those sections. Complete the amended return explanation section on page 2 of the form.

The department will accept federal Forms W-2, W-2c, W-2G, and 1099-R (if Forms W-2G and 1099-R include Arizona withholding) submitted by either method listed below:

- A paper copy of each federal Form W-2, W-2c, W-2G, and 1099-R can be submitted with Form A1-APR. Mail Form A1-APR and the paper copies of the federal forms to:

Arizona Department of Revenue
PO Box 29009

NOTE: Only the federal attachments to the Arizona Form A1-APR may be filed via optical media. A paper copy of Arizona Form A1-APR must be filed to the address on the form.

Penalties and Interest

A. Late Filing Penalty. A return filed after the original due date is subject to the late filing penalty unless the employer has an approved Arizona extension. The employer must attach a copy of the approved Arizona extension to the return. A return filed after its extended due date is also subject to the late filing penalty. The late filing penalty is 4½ percent of the amount of tax required to be shown on the return. "Amount of tax required to be shown on the return" is the amount of tax imposed less the amount of any part of the tax paid on or before the beginning of the month. The penalty period is each month or fraction of a month between the due date of the return and the date the employer filed the return. The maximum penalty is 25 percent of the tax found to be remaining due.

B. Late Payment Penalty. The department imposes the late payment penalty on any amount shown as tax on the return that is not paid by the date prescribed for its payment. The late payment penalty is ½ percent of the unpaid tax for each month or fraction of a month the tax remains unpaid, not to exceed 10 percent of the unpaid tax.

NOTE: If both of the penalties described in A and B apply, the maximum combined penalty is 25 percent.

C. Additional Failure to Pay Penalty. An employer is required to withhold Arizona income tax from compensation paid to an employee for services performed in Arizona, unless the

compensation is exempt from Arizona withholding by Arizona law. The amount of tax required to be withheld is specified in Title 43, Chapter 4 of the Arizona Revised Statutes. The department may impose a penalty if the amount of tax required to be withheld, whether the amount of tax is determined by the employer or the department, is not paid to the department by the date prescribed for its payment. The amount of the penalty is 25 percent of the amount of tax required to be withheld and paid to the department.

D. Interest. The department assesses interest on any portion of the tax, whether determined by the department or the employer, not paid by the date prescribed for its payment. The department applies interest, compounded annually, in the same manner and at the same times as prescribed by Internal Revenue Code § 6621 with the following exception.

Exception: The Arizona rate of interest for both underpayments and overpayments for all taxpayers is the federal underpayment rate under IRC § 6621(a)(2). On January 1 of each year, the department adds any interest outstanding as of that date to the principal amount of the tax. It is then a part of the principal amount of the tax and accrues interest until paid.
